

Martina Fieromonte

Python Developer and Computational Linguist

Nationality : Italian (+39) 327 0863550

Date of birth : 21/07/1994

m.fieromonte@gmail.com [linkedin.com/in/martina-fieromonte-22a66113a](https://www.linkedin.com/in/martina-fieromonte-22a66113a)

WORK EXPERIENCE

2021 – CURRENT – Milan, Italy

PYTHON DEVELOPER – GRUPPO RES, RES IT

- Collaborated on the development and maintenance of web applications utilizing Plotly Dash.
- Contributing to develop applications using Flask framework.
- Expertise in web scraping using BeautifulSoup and Selenium.
- Writing scripts to query social media APIs, extracting data and insights employed to feed Machine Learning algorithms.
- Contributed to the development of relational databases including MySQL and Postgres, using SQL language and Python ORM tools like SQLAlchemy.
- Familiarity with cloud-based infrastructures AWS, Kubernetes, Docker.
- Experienced in the use of Git, to ensure collaborative and version-controlled development processes.
- Testing and debugging.
- Worked in Agile environments (SCRUM, Kanban).

2020 – CURRENT – Milan, Italy

COMPUTATIONAL LINGUIST – GRUPPO RES, RES IT

- Involved in projects with Large Language Models (like GPTs, LLAMA).
- Expert in designing, testing, and optimizing LLM prompts to improve model outputs.
- Developed strategies for semi-automatically tagging textual data, resulting in a significant reduction of time and resources required for the task execution.
- Contributing to the development of ML algorithms, specializing in tasks such as classification, topic detection, Information Retrieval.

2020 – Pavia, Italy

COMPUTATIONAL LINGUIST TUTOR – University of Pavia

2019 – Pisa, Italy

INTERNSHIP - Institute of Computational Linguistics « Antonio Zampolli » CNR

- Annotation of resources for Automatic Text Simplification – Quality Assurance of automatically simplified resources

Skills and Tools

Programming Languages: Python, R, SQL	Conflict Resolution
Packages: Dash, NLTK, Selenium, BeautifulSoup	Communication
ML for linguistics tasks: traditional ML, DL, LLMs	Interpersonal Leadership
Web Frameworks: Flask	Adaptability

Database Technologies: MySQL, PostgreSQL
Version Control: Git, SVN
Front-end: HTML, CSS

Time Management
Attentiveness
Continuous Learner

Experience and Training

2023 – Johns Hopkins University on Coursera

Statistical Inference, Data Science Specialization

- See course: <https://www.coursera.org/learn/statistical-inference?specialization=jhu-data-science>

2023 – Johns Hopkins University on Coursera

Exploratory Data Analysis, Data Science Specialization

- See course: <https://www.coursera.org/learn/exploratory-data-analysis?specialization=jhu-data-science>

2022 – Udemy online course

The Ultimate MySQL Bootcamp: Go from SQL Beginner to Expert Learn the ins and outs of SQL

- See course: <https://www.udemy.com/course/the-ultimate-mysql-bootcamp-go-from-sql-beginner-to-expert>

2021 – Udemy online course

100 Days of Code: The Complete Python Pro Bootcamp

- See course: <https://www.udemy.com/course/100-days-of-code>

2020 – Udemy online course

Natural Language Processing with Python: practical course

- See course: <https://www.udemy.com/course/natural-language-processing-pratico>

2019 – Pavia

M.A. Theoretical, Applied and Modern Language Linguistics - University of Pavia

Thesis: “The impact of simplification phenomena on the human perception of linguistic complexity: what is simpler and why?” – Final mark: 110 cum laude.

- Computational Linguistics – Second Language Acquisition – Theoretical Linguistics.

2017 – Genoa

B.A. Modern Languages - University of Genoa, Genoa

Final mark: 110 cum laude.

- English – German – Spanish

Language Skills

Mother Tongue: ITALIAN

Other Languages: ENGLISH | GERMAN

Publications and Certifications

Publications

- <https://www.semanticscholar.org/paper/Italian-and-English-Sentence-Simplification%3A-How-Fieromonte-Brunato/d1a6992ec2d8c7b6a77c925d7a76b668962ec0d5>

Conferences

- Fifth Italian Conference on Computational Linguistics (CLIC-it 2018) 10–12 December 2018, Turin, Italy.
- Sixth Italian Conference on Computational Linguistics (CLIC-it 2019) 10–12 December 2019, Bari, Italy.
- Lectures on Computational Linguistics Italian Association of Computational Linguistics May 2018, May 2019 Pavia, Italy.
- ESSLLI 31st European Summer School of in Logic, Linguistics and Informatic August, 2019 in Riga, Latvia.

Certifications

- Statistical Inference, Johns Hopkins University on Coursera
See certification: <https://coursera.org/share/664aa8256b4373bdac2299cc4193ff67>
- Exploratory Data Analysis, Johns Hopkins University on Coursera
See certification: <https://coursera.org/share/d1c9f92645ea6e7cfb49bfb2c69666f8>
- Natural Language Processing con Python: il corso pratico (Udemy online course)
See certification: <https://www.udemy.com/certificate/UC-974572b8-34ad-4d44-ab74-fb9c22e144f8>
